|                         | Lecturer, Oxford undergraduate summer students: ‘The Standard Model’                          | Jul 2018          |
|                         | Tutor, Oxford 3rd year undergraduates: ‘Flows, Fluctuations & Complexity’                     | May 2016          |
|                         | Tutor, Oxford 3rd year undergraduates: ‘Subatomic Physics’                                    | May 2016          |
| LEADERSHIP<br>& SERVICE | Inner Tracker Strip Module Level 3 Manager (Co-PI), US ATLAS Upgrade                          | 2026 – present    |
|                         | ▷ Project management of 27M\$ Department of Energy detector construction                      |                   |
|                         | ▷ Control Account Manager for production of 6.4k modules at three US assembly sites           |                   |
|                         | Convener of QCD physics sessions, LHCP Conference, Paris, France                              | 2025 – 2026       |
|                         | Convener of QCD physics sessions, EPS-HEP Conference, Marseille, France                       | 2025              |
|                         | ▷ Conference abstract reviewer, co-organizer of agenda, and chair for parallel talk sessions  |                   |
|                         | Convener for LHC Physics Centre at CERN (LPCC) Forward Physics Group                          | 2023 – 2025       |
|                         | ▷ ATLAS contact, co-organizer, and convener for March, July and December 2024 workshops       |                   |
|                         | Cambridge ATLAS Inner Tracker (ITk) strips upgrade module production                          | 2021 – 2024       |
|                         | ▷ Qualified cleanroom site for module production, mechanical and electrical quality control   |                   |
|                         | ▷ Led assembly and quality control of 60+ ITk strips modules to prove production readiness    |                   |
|                         | ▷ Module thermal cycling: pioneered electromechanical stress analysis and interposer solution |                   |
|                         | Convener of ATLAS Standard Model Soft QCD physics group                                       | 2022 – 2024       |
|                         | ▷ Coordination role organizing program of 20 analyses probing non-perturbative dynamics       |                   |
|                         | ▷ Chaired bi-weekly plenary meetings, steered physics group strategy and workshop agendas     |                   |
|                         | Convener for Run 4 AFP Task Force on HL-LHC physics projections                               | 2021 – 2022       |
|                         | ▷ Coordination role organizing physics and performance for ATLAS Forward Proton upgrade       |                   |
|                         | ▷ Chaired meetings discussing beam optics, detector performance and physics opportunities     |                   |
|                         | ATLAS Forward Proton combined performance and data preparation                                | 2019 – 2020       |
|                         | ▷ Led scrutiny of AFP data quality, detector efficiency, energy scale calibration, simulation |                   |
|                         | ▷ Delivered first collaboration-wide AFP performance recommendations for 2017 dataset         |                   |
|                         | Colloquium committee member, NYU Physics                                                      | 2026 – present    |
|                         | Institute Representative (Team Leader), NYU ATLAS                                             | 2025 – present    |
|                         | Editorial Board member for ATLAS SM Soft QCD analysis STDM-2021-01                            | 2025 – present    |
|                         | Analysis Contact, ATLAS Standard Model photon fusion production in Run 3                      | 2024 – present    |
|                         | Institute paper review of EXOT-2021-33, NYU ATLAS                                             | May 2026          |
|                         | Computer and Departmental Webpage committee, NYU Physics                                      | 2025 – 2026       |
|                         | Contact Editor, ATLAS SM proton-oxygen analysis STDM-2025-08                                  | 2025 – 2026       |
|                         | Graduate physics open house talk, NYU Department of Physics                                   | 2026, 2025        |
|                         | Institute paper review of STDM-2018-41, NYU ATLAS                                             | Jan 2025          |
|                         | Invited member-at-large for subgroup convenors, ATLAS Standard Model                          | 2024              |

|          |                                                                                 |                    |
